**Returning Youth Initiative**

**FOR IMMEDIATE RELEASE:** April 8, 2021

Dr. Surajit Khanna's Returning Youth Initiative - **Hyme Anderson** Appointed as County Manager of Kootenai County in the State of Idaho

On April 8, 2021, the office of Dr. Surajit Khanna's Post Incarceration Juvenile Justice Reformation Act Initiative, also known as Dr. Surajit Khanna's [Returning Youth Initiative](#), announced that **Hyme Anderson** been appointed as County Manager for Kootenai County in Idaho.

He is in the process of establishing and managing Dr. Khanna's initiative in this county as his primary focus will be to serve the Africa American and Latinx communities to reduce the recidivism rate. This initiative will also support existing businesses, bring in new businesses, create jobs, and work cohesively with local governments and politicians.

Mr. Hyme Anderson works as a caregiver at First Light Home Care and resides at Spirit Lake, Kootenai County, Idaho. He is an artist and has a passion for helping others. Hyme is a young, dynamic individual and takes part in various social activities and is excited to be a part of Dr. Surajit Khanna's Returning Youth Initiative. He has a strong desire for social justice and committed to continuing to help post incarcerated young adults by inviting them to this program. He believes he can add value to his county and be a torch bearer to integrate post incarcerated young adults to the community.

**Dr. Surajit Khanna's Post Incarceration Juvenile Justice Reformation Act Initiative** provides young adults with a pathway to be reintegrated into society to pursue a new and productive life after being released from incarceration. They will lead a rewarding life as they remain off the streets and free from a life of crime. They will learn life skills, receive job training, gain employment, and pursue long-term education. We have introduced this initiative in Illinois, New York, Montana, New Jersey, Maine, California, and Pennsylvania. In addition, we are actively and strategically rolling out the initiative to all other states nationwide. It is being implemented through partnerships with community-based organizations, DA's offices, law enforcement, and the court systems. The initiative's planned expansion and rollout is to ALL 50 US States and 3,142 Counties. The first model program has been established in Stroudsburg, Pennsylvania.
